## *Clinical Programs & Services*

### **Erectile Dysfunction**

**(202) 444-4922**

Using a multidisciplinary approach, a team of specialists from Urology, Psychiatry and Neurology performs comprehensive evaluations and develops individual treatment plans. The team uses a variety of diagnostic tests, including a Doppler study. A psychological examination is often performed. Nocturnal sleep studies are performed at home or in the Sleep Disorders Center. Treatment options include revascularization, penile implants, and psychiatrists, psychologists or counselors.
